

ROSARY OLYMPICS 2024

Message from Hozana.org: As the Olympic Games captivate the world with their awe-inspiring displays of human excellence and perseverance, we are thrilled to introduce our own spiritual endeavour: the Rosary Olympics. This initiative invites us to channel the same dedication athletes show into our prayer life, honouring the Virgin Mary with each heartfelt prayer.

A Spiritual Training Plan

Our journey begins with a single decade of the Rosary each day, mirroring the incremental training of an athlete. As the Olympic Games progress, our prayers will intensify, eventually encompassing the full five decades daily.

Coach = Our Blessed Mother

Our Blessed Mother encourages us to pray, guiding us closer to God through each prayer. The inspiring feats of the athletes remind us to commit ourselves fully to Jesus. By embracing this spiritual challenge, we not only honor the Virgin Mary but also strengthen our faith and dedication. May this journey bring us all closer to Christ.

Your Guide: Rosario

Rosario is honoured to offer you free coaching on the Rosary for the 2024 Olympic Games! Our concept is simple: we'll guide you to successfully incorporate praying the Rosary into your daily routine by the end of the Olympics.

Throughout the Olympics, you'll be able to join a new live Rosary session every three days, using codes we will send you. By adding an extra decade of the Rosary every three days, you'll finish the Olympics praying a complete Rosary. This is THE solution to help you say a full Rosary every day! Quite a challenge, isn't it?
